• SwiftUI	6 months

PROJECT DETAILS

• Baller. App — February-2023 - May-2023

Project Description: All Ball is an exciting new app designed to keep coaches, players, and league operators connected and on the same page. Coaches can easily set up new teams and invite players to join the app.
Responsibilities: Making UI, handling background services. & Bug fixes. etc.
Technologies: Swift, MVVM
Industry: Sports and Gaming
Link: https://apps.apple.com/us/app/1666406171

• MealID

Project Description: Put your diet plan on cruise control with Meal ID. Its streamlined method makes it easy to use by just selecting your body type and input a few readily accessible information about yourself, and a personalized meal plan is built for you instead of using traditional calorie counting apps.
Responsibilities: Making UI, custom animations, handling background services. & Bug fixes. etc.
Technologies: Swift, MVC
Industry: Health and Fitness
