During my journey in the Software development Industry, I honed my abilities in iOS Application development, leading the development team, providing a solid foundation for building a customer-centric strong support system. My communication strength, people-centric nature and eagerness to achieve customer's goal, has afforded me great teamwork skills. My area of specialty is shipping products across the Apple ecosystem (iOS, WatchOS), team work & Leading the development team, coordinating with the customer. During this journey, I am honored to serve various applications for serving industries like, - Wellness - Logistic - Real Estate - Health Care - Dating App - E-Commerce - On Demand App - Market Place App - IoT & Bluetooth Low Energy devices based Apps I am always excited to contribute my strengths and proficiency in team-building and create an exciting product. I take ownership over what I commit, as well as supporting the team when called upon. I always focus on clear communication, team-work and accountability in my assignments. With a proven track record in team-work, my focus on building a strong professional relationship has been a valuable asset throughout my career.

INDUSTRIES: Real Estate, Health and Fitness, Healthcare, Dating, Ecommerce, Dance, On demand Services
