A senior iOS engineer, proactively helping client's business needs into successful tech solutions and bring them to light in the best way possible. With my experience in building popular mobile applications and proficiency in Objective-C, Swift, and Cocoa Touch, I think I would be a great addition to your team. As the iOS Developer, I would bring my expertise in Objective C, Swift, C, and Figma/sketch to build user-friendly apps for your clients. I have a strong background in developing mobile architecture and the ability to work in fast-paced environments. I appreciate how diverse your client base is, and I would be thrilled to work on a range of iOS applications.

INDUSTRIES: Health and Fitness, Fintech, Social Network, Healthcare, Sports and Gaming, Consumer Goods and Services, Music
