I'm an experienced iOS developer with 11 years of impressive work, spanning from small mobile apps to complex projects. My expertise in XCode, SwiftUI, Swift, and Objective-C keeps me current in development trends. I excel in tech, prioritize user-friendly apps, seek innovation, and foster teamwork for project success in iOS development.

INDUSTRIES: Communication, Communications and Media

TECHNICAL SKILLS

• ObjectiveC	11 years & 4 months
• Swift	7 years & 5 months
• SwiftUI	2 years & 3 months
• Flutter	1 years
• React.js	6 months

SOFT SKILLS

Teamwork, Time management

PROJECT DETAILS

• Drone Finder — January-2022 - November-2022

Project Description: DroneFinder, a specialized application dedicated to supporting rescue teams in their critical missions. Tailored for DJI Drones, this app harnesses advanced machine learning technology to capture and analyze images taken by the drone, enabling rapid victim detection
Responsibilities: Design user-friendly interfaces. Plan how the project will work. Set up the project with the right tools. Write good code. Code review and writing Unit test.
Technologies: Swift, UI Kit
Industry: Communication

• RentIT — January-2023 - August-2023

Project Description: A dedicated lending app exclusively for Nexer Group employees, with a focus on fostering a culture of collaboration and trust. The app incorporates user-friendly features such as item listings, notifications, and reviews, streamlining the process of borrowing and lending among colleagues.
Responsibilities: Design user-friendly interfaces. Plan how the project will work. Set up the project with the right tools. Write good code. Code review and writing Unit test.
Technologies: SwiftUI, Swift
Industry: Communications and Media
