+91 9820045154 | hr@talrn.com

A seasoned iOS Developer with a solid 10-year track record in the IT Software Industry, specialising in iOS app development. Over the last 7-8 years, I've honed my skills in Swift and Objective-C, creating robust and user-friendly mobile applications. Writing articles on Medium, and attending as a guest speaker on Podcasts and also Meetups. Fan of clean code and architectural patterns.

INDUSTRIES: Healthcare, Food and Beverage

TECHNICAL SKILLS

• iOS Development	7 years & 5 months
• Swift	5 years
• Core Data	5 years
• ObjectiveC	3 years & 5 months
• SwiftUI	1 years & 5 months

SOFT SKILLS

Communication, Teamwork, Time management, Critical thinking

PROJECT DETAILS

• Instrument Set Tracker

Project Description: Designed and implemented a hospital enterprise app using full-stack development, integrating IoT and BLE devices for streamlined surgical instrument tracking and efficient sterilization history management. Tech Stack: Swift, SwiftUI, Combine, SPM, CoreData, CoreBluetooth
Responsibilities: Full-time iOS engineer focused on iPhone application development. Demonstrated proficiency in utilizing SwiftUI and Combine frameworks to develop robust proof-of-concepts. Expertise in Swift, Core Bluetooth, UIKit, and Core Data for creating features- rich applications. Successfully integrated REST API services through Java Spring MVC to enable seamless data communication. Committed to implementing Test-Driven Development (TDD) principles and fostering the creation of reusable components.
Technologies: Swift, Core Bluetooth, SwiftUI, SPM, Combine, Core Data
Industry: Healthcare

• Q Host Restaurant App

Project Description: Developed a Swift application for restaurants and customers, optimizing waitlist management and elevating dining experiences.
Responsibilities: Proficient iOS developer with a robust background in Objective-C, specializing in the design and development of innovative iPhone and iPad applications. Extensive expertise in optimizing data management using Core Data, ensuring seamless functionality and enhanced performance across applications.
Technologies: Swift,UIKit, Core Data, UIBezierPath, TDD, AutoLayout.
Industry: Food and Beverage

EMPLOYMENT HISTORY

• Senior Software Engineer October-2018 - January-2024

Description: - Full-time iOS engineer specialising in the development of iPhone applications. - Proficient in utilising Swift, Core Bluetooth, UIKit, and Core Data to create feature-rich apps. - Successfully integrated REST API services using Java Spring MVC for seamless data communication. - Dedicated to implementing Test-Driven Development (TDD) principles and promoting reusable components. - Skilled in configuring apps with background modes and location tracking services. - Utilised GIT for version control, ensuring efficient collaboration and code management.- Full-time iOS engineer specialising in the development of iPhone applications. - Proficient in utilising Swift, Core Bluetooth, UIKit, and Core Data to create feature-rich apps. - Successfully integrated REST API services using Java Spring MVC for seamless data communication. - Dedicated to implementing Test-Driven Development (TDD) principles and promoting reusable components. - Skilled in configuring apps with background modes and location tracking services. - Utilised GIT for version control, ensuring efficient collaboration and code management.

• iOS Developer August-2014 - August-2018

Farshore Partners

Description: - Proficient iOS developer with a strong foundation in Objective-C, adept at creating iPhone and iPad applications. - Extensive experience in developing applications with Core Data and implementing in-app purchases for social learning platforms. - Introduced to Swift programming and successfully developed restaurant-based applications. - Familiarity with Core Data, MapKit, and Core Animation frameworks, enabling the creation of dynamic and interactive features. - Utilized BeizerPath and ShapeLayer for drawing and geometry tasks, resulting in sophisticated and visually appealing layouts.

EDUCATION

• Bachelors degree in Electronics and Communications Engineering from Kalasalingam University 2008 - 2012

LANGUAGES

• English - native

Rajkumar's identity has been verified to provide a trusted & reliable experience.
Talrn guarantees a seamless collaboration experience for you.
