6 years of experience in designing and developing website layouts, I bring a strong focus on clean, creative, and user-centered designs. Proficient in tools such as Photoshop, Illustrator, HTML, CSS, JavaScript, WordPress, and PHP, I excel in crafting visually compelling and functional websites. My expertise extends to search engine optimization (SEO) and user interface (UI) design, ensuring both enhanced visibility and a seamless user experience. I am skilled in Agile/Scrum development processes, enabling effective teamwork and efficient project delivery. My attention to detail, problem-solving abilities, and commitment to staying informed about the latest web trends and technologies allow me to create modern, impactful web solutions tailored to clients' needs.
